BOLTERS! B'GOSH!

STILL TWO SHORT!

Dr. Hunter Lacked That Many Votes to Elect Him.

WHO THE "BOLTERS" WERE.

DR. W. G. HUNTER.

Special to The Public Ledger.

FRANKFORT, March 24th. The first joint ballot for United States Senator took place today.

The only change from the separate ballot taken yesterday was that of St. Louis, Democrat, who deserted Blackburn and voted for Hunter.

The roll call showed 136 present, 60 being necessary to a choice.

The result of the ballot, however, left Hunter two short of election, the vote being—

Hunter.....	67
Blackburn.....	40
Boyle.....	6
Buckner.....	1
Stone.....	1
Tyler.....	1

The Free-silver Democrats voted for Blackburn, the Republicans for Hunter, the "bolters" for Boyle, and the Sound Money Democrats for Davis and others.

The six "bolters" who have conspired to defeat the regular caucus nominee are Senators Clark, Linney and Bumann, and Representatives Baldwin, Nance and Napier.

At the conclusion of the ballot the Democrats and these bolting Republicans combined and forced an adjournment without another vote.

There'll be another joint ballot to-morrow.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Aberdeen Parties Whose Derives Were Revoked by the Late David Gibson.

The late Captain Joseph W. Cheesman of Aberdeen was a brother-in-law of the late Captain David Gibson of Cincinnati.

The latter died a few months ago, and his will was probated Tuesday, disposing of personality valued at \$500 and of realty valued at \$500.

The will was executed May 28th, 1888, and in a blank space above the signature and attesting clause is written a codicil, dated November 30th, 1896.

The will gives a bequest of 2,500 shares of stock in the Ohio River Sugar Company to Thomas Roberts of New Richmond, and also certain stocks, after his wife's death, to David Gibson Cheesman.

Mary H., Joseph W., and James H. Cheesman of Aberdeen.

These bequests are all revoked, however, by the codicil, and all his property is given to his widow, Sarah M. Gibson, absolutely.

The testator was at one time a very wealthy man.

STRUCK A KNOT.

Louisville's Proposed New Free-Silver Daily May Not Materialize.

The promoters of the new Free-Silver daily in Louisville, The Dispatch, are having lots of trouble.

They have tried very hard to get a capital stock of \$100,000, but the boys in the trenches do not seem to be anxious to give up the cash.

Articles of incorporation of the Company have been filed in Louisville, and they were also sent to Secretary of State Finley, but there they struck a snag.

The law requires at least fifty per cent. of the capital stock to be taken in good faith, and the aspiring newspaper promoters not only cannot get \$100,000 of stock taken but they have failed to get half the amount taken; and so the Secretary of State refused to permit the articles of incorporation to be filed.

Of course if Mr. Allen Carter and Mr. West Hardin and Public Printer Fetter had to start a newspaper on their own account as individuals or as a firm they can do so, but they will be personally responsible for all the debts, and there will be lots of debts if the new daily runs through a month or two.

Whatever people on the outside may think about it, it takes money to publish a daily newspaper—and a good deal of it at that.

And the next day it snowed.

The revival services at Mitchell's Chapel in the Sixth Ward are growing in interest. In fact, the beautiful little edifice is entirely too small to accommodate the crowds that congregate nightly to hear the Rev. Jones, who is assisting the Pastor, Rev. U. W. Darlington. Services will continue as long as the interest keeps up, and if present indications point for anything there will be meeting in progress for some time. Preaching begins promptly at 7 p. m., and everybody is cordially invited.

What the Local Association is Doing For the City's Young Men.

[The following card has been deemed necessary in view of an unwarranted filing that appeared in another paper a few days since.—Ed. Ledger.]

A CARD.

In view of the general interest being manifested in the present Association membership contest we desire to state to the public, so that the matter may be clearly understood, that at the recent meeting of the Y. M. C. A. members, in which action was taken dividing the membership into the "Reds" and "Blues," THE DAILY PUBLIC LEDGER was selected to champion the cause of the "Blues" and The Daily Evening Bulletin was chosen to champion the cause of the "Reds."

SORRY THAT HE SPOKE.

Druggist Foertmeyer of Bellevue Now Thinks Dr. Wagner Innocent.

Covington Commonwealth.

Druggist Foertmeyer was seen Sunday by a Commonwealth man in regard to the story connecting Dr. Wagner with the Jackson-Walling crime and he said:

"I don't now believe that Dr. Wagner had anything to do with the crime; in fact I never said he did. All I say is that Scott Jackson came that night to my store for forget which he said Dr. Wagner wanted, and later a man who I believe was Walling called and got whisky and ginger."

"I am very sorry now that I ever sent that statement to Governor Bradley, but the mothers begged of me so hard to do it I was induced under promise that no one except the Governor would ever see it or know its contents to do it."

"I am certain, however, that Scott Jackson came to my store and got that prescription for Dr. Wagner. He did not bring a prescription for it. I am also certain I received a message from Scott Jackson a few days before."

More Talk About Time.

Some people are peculiar in the matter of buying a Watch. A silver Watch is good enough for one man so long as it keeps good time. Another one wants something a little more showy—a gold one,—but it, too, must keep good time. Some want a high-priced Watch, others a cheaper one, but after all everybody wants a correct timepiece. We selected our stock with time in view, and can sell you a high, low or medium-priced Watch—and any of them will keep time—the essential point.

We repair Watches so that we can guarantee them to keep time. Charges low.

LINCOLN STORIES.

Several Good Ones Laid at Door of the Martyr President.

When President Lincoln heard of the rebel raid at Fairfax, in which a Brigadier General and a number of heroes were captured, he was greatly remarked.

"Well, I am sorry on account of the horses."

"Sorry for the horses?" exclaimed the Secretary of War in astonishment.

"Yes," replied Lincoln, "I can make a Brigadier General in five minutes, but it is not an easy matter to replace a hundred and ten horses."

During the War an Austrian Count applied to President Lincoln for a position in the Army. He was introduced by the Austrian Minister, but as if fearing that his importance might not be duly appreciated, he proceeded to explain his nobility and high standing. With a merry twinkle in his eye Mr. Lincoln laid his hand on the Count's shoulder and said:

"Never mind; you shall be treated with just as much consideration for all that."

Lincoln had the following good story on President Tyler:

"During Mr. Tyler's incumbency of the office he arranged to make an excursion in some direction and sent 'Bob' to arrange for a special train. It happened that the railroad superintendent was a strong Whig. As such he had no favors to bestow on the President, and informed 'Bob' that his road did not run any special trains for the President.

"What," said 'Bob,' 'did you not furnish a special train for the funeral of General Harrison?"

"Yes," said the superintendent, "and if you'll bring your father in that condition you shall have the best train on the road."

In conversation with a friend about the way his Administration was criticized and attacked, President Lincoln said:

"After all, it reminds me of a couple of emigrants fresh from the Emerald Isle. They were making their way Westward in the search of work, when one evening coming suddenly upon a pond of water they were greeted with a frog chorus—a music they had never heard before."

"Overcome with terror, they clutched

their sticks and crept forward. The enemy could not be seen.

"At last a happy idea seized the foremost. Stepping to his companion's side he exclaimed, 'And sure, Jamie, it is my opinion it is nothing but a noise!'"

After listening to advice as to how he ought to manage his Administration, President Lincoln said:

"Gentlemen, suppose all the property you have were in gold, and you had put it in the hands of Blondin to carry across the Niagara river on a rope, would you shake the cable, or keep shouting out to him, 'Blondin, stand up a little straighter—stoop a little more—lean a little more to the South—lean a little more to the North'—No, you would hold your breath and tongue and keep your hands off until he was safe over. The Government is carrying an immense weight. Keep silence, and we'll get you safe across."

FREE-TRADE vs. PROTECTION.

Comparative Figures That Ought to Forever Settle the Merits of the Systems.

The official figures of the Treasury Department at Washington are much better proof for or against any system than the unsupported declarations of Free-trade demagogues.

The Wilson-Gorman Free-trade Tariff Law has now been in operation 30 months, and THE LEDGER presents below the official figures, showing the total receipts of the United States Treasury during that period, compared with the total receipts from all sources during the first 30 months of the McKinley Protective Tariff.

The reader is left to draw his own conclusion as to which policy is best for the American people.

If the ante-senatorial gleetion prophesies were put up at auction, what a delightful job lot Mrs. Toodles would have to select from.

SOME people sometimes denounce some people for "bolting" and sometimes the same people applaud some people for "bolting." This is a funny world, full of funny people—who strain at a gnat while they gulp down a whole drove of dromedaries.

A BILL has been introduced in the Legislature providing that hereafter all hangings in this state shall take place inside the Penitentiary walls. Probably this is suggested in order to compose the mind of the star actor. After taking a view of the Penitentiary grounds the average citizen will greatly prefer death to confinement there.

THE "bolters" who refused to vote for Dr. HUNTER for United States Senator, of whom Senator WHATIST is one, gave out an "official statement" in which they say that their is a fight "for Kentucky against Ohio, KENTUCKY AGAINST IRELAND." Just what this means is left to be determined by those staunch Irishmen who yelled and whooped and voted for Senator WHATIST.

HON. CHARLES H. GROSVENOR of Ohio has introduced in the House a bill amending the Civil Service Law. It provides that the heads of the Executive Departments and the Government Printing Office may reinstate without examination any person now or formerly in the Civil Service who was reduced in salary or discharged for other cause than inefficiency. If Congress shall adopt this measure it will be a serious blow to the hopes of many of the late Mister CLEVELAND's political friends. In fact, the blow will almost kill GROVER.

Mr. William Griffith and family of Huntington Township have gone to Glenlock, Kas. to reside.

NATURE'S STRONGHOLD.

Why the Common Expression, "Like the Rock of Gibraltar."

The greatest fortress in the world is Gibraltar. The height of the rock is over 1,400 feet and this stupendous precipice is pierced by miles of galleries in solid stone, portholes for cannons being placed at frequent intervals. The rock is perfectly impregnable to the shot of the enemy and, by means of the great elevation, a plunging fire can be directed from an enormous height upon a hostile fleet. From the water batteries to a distance of two-thirds up the rock one tier after another of cannon is presented to the enemy. A battery of from 5,000 to 10,000 is maintained with provision and ammunition for a six months siege. In 1789 the celebrated seige lasted three years. The fortress was successfully defended by 7,000 British and attacked by an army of over 40,000 men, with 1,000 pieces of artillery, forty-seven sail of the line, ten great floating batteries and a great number of smaller boats. For months over 6,000 shells a day were thrown into the tower.

Mathematical.

Spore Moments.
A man went into a shop the other day and asked to see some patent gas burners. The shopkeeper showed him some. Picking one up the man asked what that would do.
"Oh," said the shopkeeper, "that will save half the gas."
"Then," said the man, "if you put me two in I shan't have any gas bill to pay."

Servant Girl Question.

Boston Traveler.
Mrs. Wilson, a very prominent lady, tried to get Mrs. Jones's cook away from her, and actually went to Mrs. Jones's house when she was out and offered the cook more money. The next time they met at a big dinner Mrs. Jones didn't notice the cook. Some one who sat between them said:
"Mrs. Jones, you know Mrs. Wilson, do you not?"
"No, I believe not," said Mrs. Jones. "She sometimes calls on my cook. I understand, but we do not exchange those courtesies. Walter, another tea."

GREEK VESSELS

Prevented Running the Blockade by an Austrian Ironclad.

Turks Driven Off by Insurgents at Malaxa and Pursued.

A Strong Force Preparing to Attack Kinsano. The Powers Accept the Proposal for the Establishment of a Neutral Zone Along the Frontier.

CANEA, March 25.—An Austrian ironclad Wednesday to convey a supply of provisions to the fort at Malaxa, but the essay resulted in failure, the Turks being driven off by the insurgents around Malaxa and pursued to the environs of Suda, where the fire from the Turkish warships compelled the rebels to retreat. Another effort to supply the fort with provisions will be made Wednesday night.

In view of the outcome it is presumed that Brother ROBERTS will now "tear up" that some so-called Republican members and their constituents stand insulted, and that the Republican party has been slandered.

COL. VASSOS. [Commanding Greek Troops in Crete.]

A strong force of insurgents, it is said, are preparing for an attack upon Kinsano and the admiral commanding the foreign warships have issued a warning similar to that contained in Admiral Canero's proclamation.

The townspeople of Canea have been greatly encouraged by the proclamation issued Wednesday by the Italian admiral enjoining the insurgents and Greek troops not to attack certain forts.

LONDON, March 25.—The Daily News says Thursday that the powers have accepted the proposal for the establishment of a neutral zone along the Greek-Turkish frontier and will require the Greek and Turkish troops to withdraw from the territory included in the zone.

The Daily News will publish a dispatch from Athens denying the statement that the Greek government is in favor of making the island of Crete a principedom under Prince George of Greece.

ATHENS, March 25.—The Emphepera, which is regarded as reflecting the views of King George, in an article upon the Cretan difficulty, emphatically reaffirms the position of the king. The article contains as follows:

"The king will never join himself with the powers in pressing the Cretans to accept autonomy, and the sovereignty of the sultan, nor will he ever consent to such a solution of the difficulty."

The Cretans reject autonomy, which their king rejects also, and will accept only one solution, namely, that upon which the will of the nation and the will of the Cretans shall agree. Every pressure exerted by the powers in Crete will have its counter stroke on the frontier and beyond."

GAS EXPLOSION.

Forty Acres of Coal in a Wilkesbarre Mine on Fire.

WILKESBARRE, Pa., March 25.—Shortly after 3 o'clock Wednesday afternoon the people living in the eastern part of this city were startled by a loud report resembling an earthquake.

The gas in an eight-inch bore hole which had been sunk from the surface over No. 2 mine, operated by the Delaware & Hudson Coal Co., into the pit below had ignited and the flames shot up into the air a distance of fully 50 feet.

It is impossible to tell when the fire will be subdued as it is estimated that fully forty acres of coal are on fire in the mine below. This mine has been on fire for some years past. The bore hole was sunk for the purpose of tapping the gas and letting it escape to permit water to run in.

A Schooner Beached.

SEABOARD, N. J., March 25.—The schooner Emily Johnson went on the beach at 1:30 Wednesday morning and after an exciting and heroic scene all the members of the crew of six were rescued by the life savers of the neighboring station. The Emily D. Johnson is a schooner of small tonnage and was bound from Baltimore to New York at the time of her disaster. She will be a total wreck.

Trial Trip Postponed.

NEW LONDON, Ct., March 25.—The new gunboat Wilmington failed to receive her trial speed run on account of very unfavorable weather conditions. It is the intention Thursday to make the trial run, but the present indication are that the weather will still be so boisterous that the run will have to be postponed.
